AREAS OF GROWTH

This illustration is a bubble diagram that outlines a simple, schematic version of the OCP's Draft Growth Strategy. It visually represents relationships between different areas and neighbourhoods within the City. It uses circles or ovals (the "bubbles") to represent areas and lines and arrows to show how those spaces connect and relate to each other. Bubbles are shown to highlight prominent areas such as Alexis Park, Waterfront, Downtown, Village Green, Jubilee Hill and Polson..

CITY OF Vernon
